MINERS WILL MEET IN BIG CONVENTION IN DENVER THIS WEEK

Denver, July 13.—The annual convention of the Western Federation of Miners, the first since the acquittal of its former secretary-treasurer, William D. Haywood, and George A. Pettibone, one time member of the executive board, of the murder of Former Governor Frank Steunenberg of Idaho, assembled in this city today. Its sessions will continue for two weeks. The convention is composed of 230 delegates coming from mining districts in the states, Canada and Alaska, and out of the convention is expected to spring a more intimate relationship between the Western Federation and the United Mine Workers of America, to which

end the latter organization is sending a committee headed by President T. H. Lewis, to meet the Western Federation delegates and agree upon a concerted plan of action. For several months each organization has recognized the cards of the other.

President C. H. Moyer called the convention to order and from present indications he will be re-elected, if he will accept the office. The same is true of Vice President C. A. Mahoney, Secretary-Treasurer Ernest Mills and a majority of the executive board. Several minor changes in the constitution will be proposed to cover the necessities of the federation, which now has locals from Nome, Alaska, on the north to the southern extremity of Arizona.

A strong delegation from Butte will make an effort to win the next convention for that city.

ANNOUNCEMENT.

I feel it my duty to say that all patrons of Dr. J. R. Gaines will find that Dr. Gaines, "The Main Guy," has not left Raton, and you can find him in the Roth Block ready to wait on you promptly by appointment or otherwise, and all persons that have had work done by Dr. J. R. Gaines and is not altogether satisfactory will be looked after willingly by Doctor Gaines.

FATHER OF 13 SEEKS DIVORCE AFTER 30 YEARS

Joseph Langowski, a miner, has filed suit in the county court against his wife, Francesca, for divorce, on the grounds of desertion. The couple

have been married for thirty years and thirteen children have been born to them. Yesterday a motion by the defendant to require the plaintiff to furnish alimony during the trial was argued before Judge Ross. Desertion is the claim upon which the husband seeks the annulment of the marriage.

COUNTY MAY AID ROAD BUILDING

Whether or not the convicts, now at work on the state highway, will complete the work in this county is a matter that is giving the public-spirited citizens of the city and county a considerable degree of concern. An itemized expense account shows that the \$10,000 appropriation has almost been exhausted but a movement is now on foot to keep the work going by subscriptions of local business men. The chamber of commerce has taken the matter in hand and several business men have signified a willingness to help matters along until the next appropriation is made by contributions. The convicts are averse to going back to Canon City and the county is loath to see them go, fearing that the work in this section will be abandoned if once it is stopped. Other portions of the state are anxious to have the work stated there and unless the work is completed as far as Trinidad at least it is feared that this end of the state will be abandoned. Mules, tents, machinery, etc., have already been purchased and paid for, and the subsequent expense will not be large as compared with the results obtained. Definite action will probably be taken at once.

COLD WATER MEN WILL NAME TICKET

Columbus, O., July 13.—Delegates arrived today for the Prohibition national convention which will be held here next Wednesday and Thursday and for the state convention which opened today. The two conventions brought to the city several thousand persons including delegates and visitors. Most of the state delegations to the national convention are expected tomorrow and they will be escorted from the Union station to their hotels by a brass band seated upon a big water sprinkler. There will be a parade of all the convention hosts Wednesday at noon. Beginning tonight there will be a mass meeting every night at Memorial hall where the conventions will assemble, addressed by leading temperance orators. Four former candidates for president will be heard Wednesday night, Former Governor John P. St. John, of Kansas; Joshua Levering, of Maryland; John G. Wooley, of Chicago, and Dr. Silas C. Swallow of Pennsylvania.

The national executive and general committee will meet tomorrow, at which time the temporary officers will be chosen subject to ratification.
